Bullet Points on Price Forecast of Important Crops – December 2021

1. Paddy-Grade-A and Paddy-Common could trade in ranges of Rs. 1800-2050 and Rs. 1500-1850 per quintal during the month of December, 2021 due to less export demand for the rice.
2. Maize may trade at a price range of Rs. 1650-1870 per quintal in the month of December, 2021 because there is expectation of increase in demand from poultry industry with winter season to be at its peak.
3. Greengram may trade at a price range of Rs. 5900 - 6200 per quintal in December, 2021 and any unexpected rise in the cash market is unlikely during this month.
4. Black gram may trade at a price range of Rs. 6100-6400 per quintal in month of December, 2021.
5. Redgram may trade at a price range of Rs. 5800 - 6100 per quintal in December, 2021. Pressure on Redgram price may continue in the markets with new crop arrivals and increasing imports.
6. Groundnut may trade at a price range of Rs. 5500-6000 per quintal in December 2021.
7. Soyabean may trade at a price range of Rs. 5500-6000 per quintal in December, 2021 because of firm demand by oil millers and stockiest.
8. Castor may trade at a price range of Rs. 5500 - 5700 per quintal in December, 2021.
9. Cotton may trade at a price range of Rs. 7000-7500 per quintal in December, 2021 due to increasing cotton consumption at domestic and global market and less availability.
10. Chilli may trade at a price range of Rs. 10500-12500 per quintal in December, 2021.
11. Turmeric may trade at a price range of Rs. 6500 – 6700 per quintal in December, 2021.
