Bullet Points on Price Forecast of Important Crops – November 2021

1. Paddy-Grade-A (RNR) and Paddy-Common could trade in price ranges of Rs. 1800-2100 and Rs. 1500-1900 per quintal during the month of November, 2021 due to less export demand for the Indian rice.
2. Maize may trade at a price range of Rs. 1650-1850 per quintal in month of November, 2021 because of high moisture content in the arrivals.
3. Black gram may trade at a price range of Rs. 6100-6500 per quintal in month of November, 2021 as the quality of black gram is poor.
4. Greengram may trade at a price range of Rs. 5900 - 6200 per quintal in November, 2021. Steady to slightly weak trend may prevail in the cash markets in coming weeks.
5. Redgram may trade at a price range of Rs. 6100 - 6400 per quintal in November, 2021. Supply side would increase in December, so any spike is not expected in the near to medium term.
6. Groundnut may trade at a price range of Rs. 5200-5500 per quintal in November 2021.
7. Soyabean may trade at a price range of Rs. 5000-5500 per quintal in November, 2021 due to weak national and international demand.
8. Castor November trade at a price range of Rs. 5300 - 5600 per quintal in November, 2021.
9. Cotton may trade at a price range of Rs. 7000-7500 per quintal in November, 2021 due to increasing cotton consumption at domestic and global market; increasing export demand for cotton yarn and textile products and low production, rising demand, and supply constraints.
10. Chilli may trade at a price range of Rs. 10500-12500 per quintal in November, 2021. Buyers reported inactive at current higher prices due to overflow of chilli cold storage stocks and expected bumper crop yield in current season.
11. Turmeric may trade at a price range of Rs. 6100 – 6400 per quintal in November, 2021.
