Bullet Points on Price Forecast of Important Crops – February 2022

1. Paddy-Grade-A and Paddy-Common could trade in a price ranges of Rs. 1800-1950 and Rs. 1500-1800 per quintal during the month of February, 2022 due to less export demand for the rice
2. Maize may trade at a price range of Rs. 1720-1900 per quintal in month of February, 2022 as poultry demand seems to be strong.
3. Redgram may trade at a price range of Rs. 6000 - 6300 per quintal in February, 2022 because the low import volume, delayed arrivals, late harvesting due to the December month rains may push up redgram price further by Rs.200 from the current level.
4. Bengalgram may trade at a price range of Rs. 4700 - 4900 per quintal in February, 2022 because sluggish demand, continuous sale by NAFED below Rs. 5000 per quintal and the new arrivals may continue to pressurize cash market.
5. Black gram may trade at a price range of Rs. 6000-6200 per quintal in month of February, 2022 with an expectation of higher import volume.
6. Castor may trade at a price range of Rs. 5300 - 5600 per quintal in February, 2022.
7. Groundnut may trade at a price range of Rs. 6500-7000 per quintal in February 2022.
8. Soyabean may trade at a price range of Rs. 5500-6000 per quintal in February, 2022 due to low demand from crushers and weak soymeal export.
9. Cotton may trade at a price range of Rs. 9500-10000 per quintal in February, 2022 due to increasing cotton consumption at domestic and global markets and less availability.
10. Chilli may trade at a price range of Rs. 12500-15000 per quintal in February, 2022 due to good demand.
11. Turmeric may trade at a price range of Rs. 6800 – 7100 per quintal in February, 2022 as the buyers are inactive for new crop supply due to higher moisture content.
