**Bullet Points on Price Forecast of Important Crops – July 2022**

1. Paddy-Grade-A and Paddy-Common could trade in price ranges of Rs. 1900-2200 and Rs. 1700-1960 per quintal during the month of July, 2022 due to rising export demand for the Indian rice.
2. Maize may trade at a price range of Rs. 1900-2160 per quintal in month of July, 2022 because of improved demand from feed and starch industries.
3. Black gram may trade at a price range of Rs. 5900-6280 per quintal in month of July, 2022 due to tight supply and the fear of decline in kharif sowing area that may help to push up market.
4. Redgram may trade at a price range of Rs. 6100 - 6400 per quintal in July, 2022 due to increasing fear of low area coverage, delayed monsoon rains, limited and restricted supply from stockiest that supports cash market.
5. Greengram may trade at a price range of Rs. 6000 - 6100 per quintal in July, 2022 as demand in domestic market is weak.
6. Groundnut may trade at a price range of Rs. 5400-5800 per quintal in July 2022.
7. Soyabean may trade at a price range of Rs. 5800-6500 per quintal in July, 2022.
8. Castor may trade at a price range of Rs. 6400 - 6700 per quintal in July, 2022.
9. Cotton may trade at a price range of Rs. 9500-10500 per quintal in July, 2022 due to government extended exemption of custom duty on raw cotton imports till 31<sup>st</sup> Oct 2022 and also drop in raw cotton prices in both domestic and international markets by around 10 and 20 percent respectively.
10. Chilli may trade at a price range of Rs. 16500-18500 per quintal in July, 2022 as fresh export demand is coming from Bangladesh, Indonesia and Malaysia at Guntur market supporting the prices.
11. Turmeric may trade at a price range of Rs. 6400 – 6600 per quintal in July, 2022.
