Bullet Points on Price Forecast of Important Crops – June 2022

1. Paddy-Grade-A and Paddy-Common could trade in price ranges of Rs. 1850-2150 and Rs. 1650-1960 per quintal respectively during the month of June, 2022 due to less export demand for the rice.
2. Maize may trade at a price range of Rs. 1870-2150 per quintal in month of June, 2022 because of strong export demand alongside the decent domestic demand from feed as well as starch industry.
3. Black gram may trade at a price range of Rs. 5900-6150 per quintal in month of June, 2022 due to the higher import volume.
4. Redgram may trade at a price range of Rs. 5600 - 5800 per quintal in June, 2022 as the demand for dal has weaken and there is continuous supply from import and domestic sources.
5. Bengal gram may trade at a price range of Rs. 4400 - 4600 per quintal in June, 2022 due to plenty of old stocks, continued arrivals and weak demand for dal in the markets.
6. Groundnut June trade at a price range of Rs. 5500-6500 per quintal in June 2022.
7. Soyabean may trade at a price range of Rs. 5800-6500 per quintal in June, 2022 due to soyameal import decision by the Government.
8. Castor may trade at a price range of Rs. 6500 - 6700 per quintal in June, 2022 as the castor oil prices are expected to stay strong on par with the prices of edible oils.
9. Cotton may trade at a price range of Rs. 11500-12500 per quintal in June, 2022 due to removal of import duty on cotton till the new season.
10. Chilli may trade at a price range of Rs. 16500-18500 per quintal in June, 2022.
11. Turmeric trade at a price range of Rs. 6300 – 6500 per quintal in June, 2022.
