Institution’s Innovation Council (IIC) of PJTSAU

The UGC and MHRD have taken various initiatives for improving Quality Research and Innovation in Higher Education. MHRD Innovation Cell (MIC) has been established by MHRD to foster the culture and innovation within Higher Education Institutions (HEIs).

The primary mandate of MIC is to encourage, inspire and nurture young students to work on new ideas. MIC has envisioned creation of Institution’s Innovation Council (IICs)” across selected HEIs. A network of these IICs will be established to promote Innovation in the Institution through multitudinous modes leading to an innovative eco-system in the campuses. Accordingly, IIC of PJTSAU has been formed with the following members.
