It is considered as complimentary support for enabling Departments/ Centres/ Schools/ Colleges to pursue research activities more effectively and efficiently.

**Nature of Support:** The Scheme will provide optimal infrastructure facilities for post-graduate and higher research, such as, renovation of existing laboratory space (no fresh constructions) and cold room, modernization of laboratories involved in PG and higher research, acquisition of essential equipment, upgradation of existing facilities, networking & computational facilities including software & databases, scientific & technical books (no journals), maintenance & refurbishing of existing and new facilities etc.. The facilities provided under the Program are intended to support the efforts of the Department as a whole or a number of faculty members in the Department. Proposal towards individual R&D support would not be accepted under this Scheme. The synergy and focus of research may preferably be aligned to National Missions/ priorities.

**Duration:** The duration of support for each FIST Project will be for a period not exceeding 5 years.

Those Departments that have completed 2 cycles of support in any particular level i.e. Level I or Level II and which would be not eligible in normal way to next higher level after 2 cycles of support may be considered for support, only for research, with the maximum quantum equal to 50% of upper limit of support in any given category as a upper limit in 3rd cycle of support (i.e. an upper limit of Rs 1.5 crore in Level I and Rs 5.0 crores in Level II for research purposes only).

For College, the support to 'College as a whole' shall be considered for the post-graduate S&T departments only and not for other Departments i.e. Humanities, Management, Commerce etc.

In recent years, scientific community has expressed great concern about the lack of infrastructure facilities for imparting good quality of higher education and conducting research in emerging fields of science and engineering. Several efforts have been made in past to strengthen research as well as teaching in carefully identified areas and university departments. These departments are now in a stage for further strengthening of their infrastructure to enhance their visibility both nationally and internationally. It has also become necessary to extend such infrastructure support to other higher technical and medical educational institutions.

Keeping all these factors in mind, a new scheme entitled “Fund for Improvement of S&T Infrastructure in Universities and Higher Educational Institutions – (FIST)” has been initiated.

The Terms and Conditions:

- The grant being released under the scheme is for strengthening infrastructure of the identified department for teaching and research and shall be spent exclusively for this purpose. The Department shall constitute a “Project Implementation Group” with 2-3 Faculty Members including younger faculty members under the overall supervision of the Head/ Chairman/ Dean of the Department. The Project Implementation Group would be responsible and accountable to DST for all aspects of implementation of such project during its 5 years project duration. The Department shall inform FIST Program Secretariat on the composition of the Project Implementation Group before releasing of funds etc.

- Facility created under FIST support shall not be kept with the custody of an individual faculty member in the Department and shall be made accessible to all the faculty members all the time.

- There should not be any deviation from the Budget Heads as approved by DST. In case, if it is very necessary, a request can be made to the DST for consideration.

- The grants-in-aid for “Networking and Computational Facilities” being released under the scheme should be utilized for creating a “Central Computer Lab” in the identified Department/ Centre for teaching and research with the following guidelines / norms:
  a. Internet Connectivity (to be provided by Institution)
  b. Server + Hub + Modem
  c. Several PCs or Net-Computers proportional to number of students enrolled
  d. UPS
  e. Access for Students and Faculties in the Department

  The Institution should also make sure that this grant is not meant for just providing PCs to each of the Faculty members in the Department.

- The grants-in-aid under “FIST” are to provide infra-structural facilities for research and teaching in the department. Therefore, no provision of Overhead Charges is admissible. Please note that the scheme does not allow any provision for building/ construction and recruitment of staff etc.
• All the assets acquired from the grant will be the property of the Government of India and should not, without the prior sanction of the Department, be disposed off or encumbered or utilized for purposes other than those for which the grant has been sanctioned.

• All efforts should be made to procure the equipment and other items at the earliest to avoid cost escalation due to foreign exchange fluctuation and should abide all procedures laid out by the grantee institution. In case it is found that the Department is not able to use the funds within two years of its release, the Department of Science & Technology shall have the right to withdraw the project from the Department/University.

• The Institute will furnish to Department of Science & Technology, Utilization Certificate and an audited Statement of Accounts (in DST format) pertaining to the grant (along with Progress Report) within three months following the end of each financial year.

• After receiving the grant by the Department/Centre, Department of Science & Technology will review the technical & financial progress including utilization of the grant on an annual basis with an appropriate mechanism. The Department reserves the right to terminate the support at any stage if it is convinced that the grant has not been properly utilized or appropriate progress is not being made.

• A register of the permanent/semi-permanent assets acquired wholly or mainly out of this grant should be maintained in the prescribed form and a copy thereof furnished to this Department. Such register of assets and the accounts maintained shall be available or open to scrutiny by Audit.

• Any unspent amount sanctioned would be surrendered to the Government as a Demand Draft in favour of Drawing & Disbursing Officer, Department of Science & Technology, New Delhi. Any carry forward of funds to the next financial year may be considered only with the specific approval of the Department.

• The Comptroller and Auditor General of India, at his discretion, shall have the right to access to the book accounts for this support. The Department shall open an interest earning Bank account for operation of funds being transferred by DST. The interest thus earned should be reflected appropriately in the Financial Statement of each year submitted to the Department of Science & Technology and will be adjusted against further transfer of installment of the grant.

• In order to give visibility to the identified department, the department may be called as “DST-FIST Sponsored Department”. This may be suitably displayed.

• Due acknowledgement of technical support / financial assistance resulting from this project grant should mandatorily be highlighted by the grantee organization in bold letters in all publications / media releases as well as in the opening paragraphs of their Annual Reports during and after the completion of the project.

• The concept of Scientific Social Responsibility (SSR) need to be endorsed and may include certain criteria (like Mentorship, Workshops etc.) that would highlight the role of the Department/College in the SSR.
